Work Mentor project

Work Mentor is a project within the [Transfer of Innovation](#) (ToI) section of the [Leonardo da Vinci programme for Vocational Training](#). The Leonardo da Vinci programme is a part of the European Commission's [Lifelong Learning Programme](#).

Goals and objectives

The main objective of the project is to transfer mentoring methods into the relationship between a member of staff and a student in a workplace.

The employee / workmentor is guiding the student, giving the student a more secure beginning in the workplace but at the same time the mentor will work with the student towards the goal of becoming a fully functional member of staff and a qualified worker.

Partners

The partners of WorkMentor are seven schools and institutions involved in vocational education.

Iceland, Wales, England, Finland, France, Netherlands and Norway.
